La Valle Tomatoes

Considered the best by Chefs around the World

For more than six decades, La Valle has been bringing genuine Italian flavor to tables around the world.

Grown in the unique volcanic soil of the sun-drenched Campania region southern Italy, La Valle's signature San Marzano tomatoes are hand-harvested at the height of maturity and carefully preserved in state-of-the-art facilities according to time-honored traditions carried on by the descendants of founder Alfonso Sellitto. Zesty and aromatic, brilliant in color and robust in consistency, they are prized by leaving chefs and cookbook authors on both sides of the Atlantic.

La Valle's product line has grown to include an array of nutritious vegetables and olive oil, all of which are integral to the healthful Mediterranean diet.

Let La Valle show you how easy it can be to enjoy the luscious authentic taste of Italy in your own home, wherever that may be.
